1. Read 1 Peter 1:3-9. In the face of opposition and suffering, what are some of the benefits of being a Christian that Peter emphasizes as an encouragement for believers to persevere? What is the importance of the phrase “living hope” in that passage and in your life?
2. Read James 1:22-25. How can self-deception be, in some ways, more harmful than someone trying to deceive you? Why is it important that your private persona and your public persona are the same?
3. Read John 14:6; Acts 4:8-12. What do these passages teach about the exclusivity of Jesus being the only way to be saved? Why is this doctrine rejected by our culture today and even some professing Christians?
4. Read 2 Peter 1:16-21; 2 Timothy 3:16-17. What do these passages teach about the integrity and source of the Scripture? Why is it important that we believe the Bible is inerrant, infallible and authoritative?
5. Read Matthew 5:16; 1 Corinthians 10:31. How would you connect doing “good” in all circumstances with bringing glory to God? How is God glorified through your righteous behavior?
